3. “Tamkeen” Program Graduation Ceremony by IAU for Orphan Mothers

Under the auspices of Her Highness Princess Abeer bint Faisal bin Turki Al-Saud, Chairperson of the Board of Trustees of the Eastern Region Council for Social Responsibility, the College of Applied Studies and Community Service celebrated on Sunday evening, Dhu Qaddah 22, 1444, June 11, 2023, the graduation of the sixth class of the **Orphan Mothers Empowerment Program “Tamkeen”**, held in partnership with the Charitable Society for Orphans Care in the Eastern Province (Bena’a).

The ceremony was opened with the national anthem, followed by a graduate’s march of the **40 graduates of the program**. The graduates walked among the audience with feelings of joy and pleasure as they wore gowns and graduation scarves to the tune of a song specially prepared for this happy occasion, on which the names of all the graduates were sung. The organizer of the ceremony, Mashaal Bint Sarnaj Alenazi, began with a welcome introduction, followed by verses from Qur’an

6. “Star Leaders” Summer Program with Local and International Partnerships

The "Star Leaders" program began yesterday at Imam Abdulrahman bin Faisal University in cooperation with the Continuing Education Center, in partnership with the University of Turku in Finland, and with the participation of the Saudi Water Academy, Al-Ber Charity Association in the Eastern Province, and Charitable Society for Orphans Care in the Eastern Province (Benea).

The program aims to **develop the skills of promising young leaders of the 122 secondary school students**, in addition to developing their personal abilities, refining their leadership skills, and preparing them for the future in a way that contributes to building the nation and its renaissance, by completing 52 hours of actual training on a number of leadership competencies, which include: learning and reasoning, self-awareness and personal behavior, communication and dealing with others. Dr. Mohammed Saleh Alkathiri, Dean of Academic Development and General Supervisor of the Star Leaders Program, stressed that the program is performance-based and focuses on the application of skills by male and female students in different real-life situations, through various activities that include 10 topics (one workshop every day) from 08:30 am until 03:00 pm. The most prominent topics addressed by the program are Fundamentals of leadership, team building, presentation skills, critical thinking and brainstorming, solving future problems in creative ways, and others.

7. Scientific Posters Exhibition by College of Science of IAU

The College of Sciences at Imam Abdulrahman Bin Faisal University, represented by the Vice Deanship of Academic Affairs, held an exhibition of scientific posters for graduation projects 1444 AH, in the presence of the College Dean, Dr. Amal Al-Otaibi, the Vice Dean for Academic Affairs, Dr. Rasha Al-Essa, the colleges vice-deans, heads of departments, and faculty. **The exhibition was also attended by a number of external parties from the labor market and national bodies**

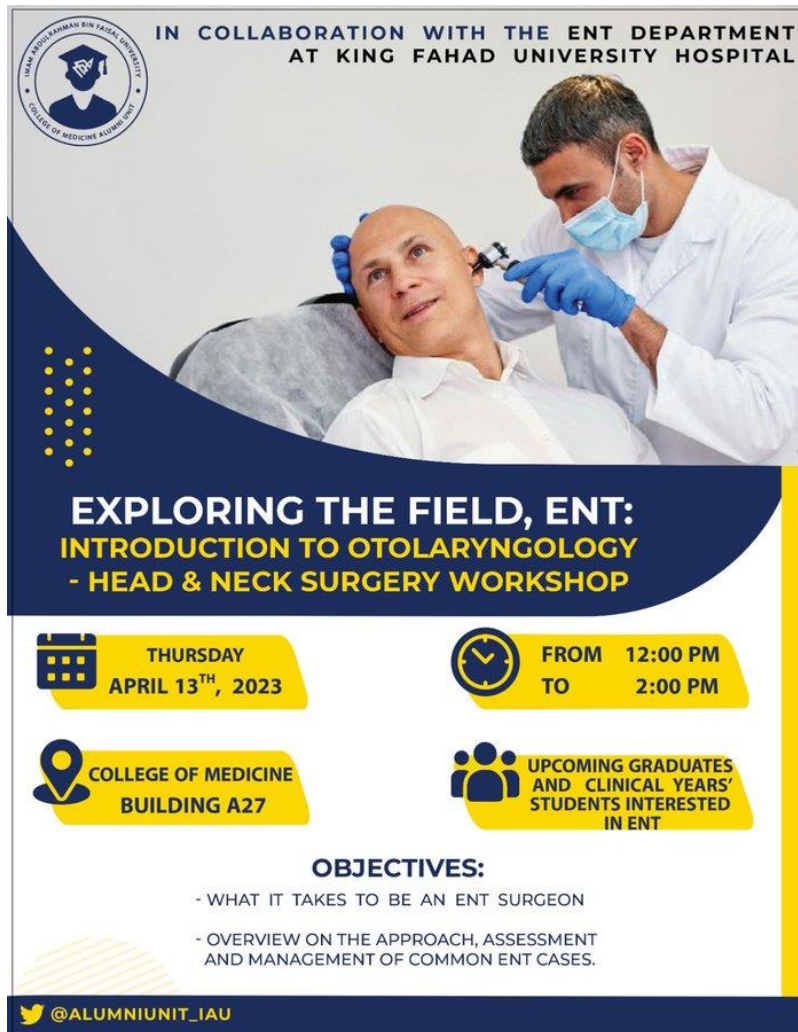

The exhibition provided the opportunity for female students to present their projects and their early research work to a group of faculty members in various disciplines, and to their fellow students, which achieved the transfer of knowledge and exchange of experiences. And it was a starting point for opening the door for joint cooperation between the college and those agencies.
